

## Survey Says????

The OPTA would like to get some feedback from our members about the school calendar for next year, 2009-2010. We would be starting school about the same time we have the past few years, Monday, August 24. When all the Institute Days and holidays are inserted, we have the possibility of ending the school year earlier than we ever have before. But a swap of days would have to happen. Here is the idea: **If we take three days from winter break and put those at the end of the school year, we could end the school year before Memorial Day(May 31). And your reply would be?**

\_\_\_\_\_ Yes, I like the idea

\_\_\_\_\_ No, don't mess with my winter break

\_\_\_\_\_ I'm curious and I need more information

Again, nothing has been decided yet about the 2009-2010 calendar. We are just asking for feedback. List pros and cons if you like.

### Pros

More summer time

### Cons

Won't match H.S. winter break
